SEND Information

As you may have seen on the news, the government have changed the way in which schools work with children with Special Educational Needs (SEN). The Code of Practice for Special Educational Needs (the legal framework which guides our work) has been updated and schools must begin to review their practice and makes changes from September 2014. These changes will not be immediate and children requiring additional help will still receive the support they need while we are planning and making our improvements.

In the meantime, if you would like further information about how Cambridgeshire supports schools and children with Special Educational Needs and Disabilities (SEND), try looking at the following website:

Millfield Update

- Would you like to part of a consultation group for SEND? If so please contact our SENCO, Mrs Read, through the school office.
- Our SEN Policy has been reviewed in light of the Code of Practice and is available to download from our website.
- Individual Education Plans (IEPs) have been revised and may now look a little different. Please see your child's teacher if you have any questions about their new IEP.
